This wonderful one of a kind home is at the end of a quiet cul de sac bordering Ironbridge golf course. The vaulted ceilings add to the open feeling on the main level which includes the master suite with newly remodeled bathroom. The gourmet kitchen has double convection ovens, baking nook, two dishwashers, double refrigerator, wine cooler and a dinette nook with custom reclaimed dining table and built in benches! The additional game room on the main level is large enough for a full size pool table. On the lower level there is a "mother-in-law" apartment with efficiency kitchen, full bathroom and separate entrance. 1 acre lot is fully fenced and includes 16' x 32' in-ground pool with slide...not to mention fruit trees, huge garden area, kids play area and outdoor fire pit.
