Truly charming Old Town home in Steamboat Springs. This property features the original home built in the 1950's, and a new caretaker residence above an oversized 2 car garage built in 2017. The main home exudes character with a harmonious blend of the original home and modern updates throughout. The main floor offers incredible spaces for a family or friends to gather with an open kitchen, dining area and living room plus an additional family room, and a full sized bedroom and bath. The upper floor is home to the master bedroom with a high vaulted ceiling and an attached master bath, and 2 additional bedrooms with a full bath. The lower level basement has potential for more finished space or offers incredible storage as is.
